ITCHING PILES AND OTHER REC-TAL TROUBLES EASILY CUR-ED BY A NEW AND SAFE METHOD.

A Remarkable Number of Cures Made By the Pyramid Pile Cure.

About one person in every four suffers from some form of rectal disease The most common and annoying is itchmoisture and intense, uncontrollable

itching in the parts affected. The usual treatment has been some simple ointment or salve which sometlmes give temporary relief, but nothing like a permanent cure can be expected from such superficial treatment

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time sup-posed that the remarkable relief afforded by the Pyramid Pile Cure was because it w supposed to contain coca-ine, opium or similar drugs, but such i not the care. A recent careful analysis of the remedy shows it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drug whatever. For this resson the Pyramid Pile Cure is probably the only pile cure extensively recommended by physicians, because positive cure for piles except a surgical

operation. In one year the Pyramid Pile Cure has become the best known, the safest cure before the public.

Nearly all druggists now sell it at 50 cents and \$1 per package.
